### **Personal Profile**

I have recently completed the Software Development Digital Skills Bootcamp at JustIT Training, aiming to improve my skills further and expand my understanding of software languages whilst working on my portfolio to create some personal projects.

My degree lies in Media Production and Radio. I have working knowledge with various software in Music Production and am able to learn modern technology quickly. I thrive in challenging environments which allows me to problem solve, use initiative, and evolve professionally. I am tech savvy and enjoy staying up to date on the latest advancements within the technology software industries.

I am seeking a role as a Junior Developer where my skills, experience and zeal can be beneficial to an organization.

## Employment History

---

**Dec 2019- present**

**Uber, London**

**PCO Driver**

*Responsibilities & Skills:*

- I currently hold a PCO Badge and work as a private hire driver mostly with uber and occasionally drive with Bolt and Ola Cabs too.
- Delivering excellent customer service to all passengers, I have demonstrated this by being rated 4.96 stars by my customers. I can appreciate differences in others, respect this difference and deliver fairness and equality in service to all.
- I am self-employed and set my own working schedule. This allows me to be disciplined but flexible at the same time. I can successfully work alone.
- Daily contending with traffic, route changes, last minute requests etc. I can use initiative and trouble shoot in pressured situations and am good at executive decision making.

**Feb 2016- Dec 2019**

**Trusec Security, London**

**Door Supervisor**

*Responsibilities & Skills:*

- Providing high quality security services to various events, from bars and markets to corporate events across various venues within central London.
- Attentive to details: Responsible for health and safety of personnel as well as building and environment, checking fire exits, being aware and alert at times.
- Competent: Completing ID checks, ensuring legislations are being adhered and challenging bad practice.
- Using exceptional communication skills, both verbal and non-verbal i.e., eye contact, body language and gestures, to de-escalate situations and provide safety to clients, colleagues as well as property.
- Managing a team of other security, inducting new staff, ensuring job clarity, briefing staff prior to events and being available for consult throughout. I am an excellent and efficient team player.

**Aug 2010 – Sept 2016**

**William Hill, London**

**Customer Service Associate**

*Responsibilities & Skills:*

- Database interaction: Receive written bets from customers, input them manually into the computer. Transferring the information into the computer so it can be translated and be responsive to outcomes.
- Able to work efficiently in an extremely fast paced environment with impending deadlines. This demonstrates my ability to multitask and organise my workload.
- Organisation: Able to appreciate the organised process from taking information from customers through to paying out monies for a successful bet.
- Language: Providing information of odds on events so I am able to deliver complex information in a simple manner/ language
- Confidence: Offer support to distressed customers and managing difficult customers
- Management skills: Perform staffing/resourcing for the entire district, train new staff. This was due to my hard work, being reliable, and being outstanding at my role.

## Interests

---

I enjoy reading and staying abreast of technological advancements, watching documentaries rooted in science and history. I enjoy being practical, using my hands, fixing computers... fun fact, I built my own computer.
